## **How to Assemble Holiday Food Orders**

1. When assembling boxes check off all items on the Holiday Food Box Check-list that are included in the box. Circle any item(s) that have not been added.
2. When all food items have been placed in box, fold box tops shut. Do not tape boxes; this will be done by Lazarus House Staff
3. Soup cans do not have to be brands shown on Holiday Food List, can size is the most important. All soups are useable regardless of brand or variety.  
Please, no Glass Containers as they can be broken easily
4. Odds & Ends can be a variety of items. Recommended items would be; Rice -Individual Microwavable Pasta/Soup - Ramen Noodles.
5. Pack boxes so that they are neat and orderly.
