

*"We ought always to thank God for you, brothers and sisters, and rightly so, because your faith is growing more and more, and the love all of you have for one another is increasing."
2 Thessalonians 1:3*

November 8, 2021

As we experienced COVID together, you showed tremendous generosity in so many ways for the most vulnerable people in our community. In August 2021, we were able to serve 31,354 people in our Soup Kitchen and Food Pantry. That is four times as many as we served in the months prior to the pandemic.

As we face the aftermath of COVID, leaving many of our Guests in a wake of uncertainty, we need to continue to come together in meaningful and powerful ways to serve our Guests. Homelessness and food insecurity continue to devastate our community. Lazarus House is where our Guests turn to for help and support; we turn to you—our partners—to help alleviate this struggle.

The enclosed insert is a compelling story of how you have made a difference in one man's life. Your generosity is pivotal to the positive impact we can have in each of our Guests' lives. We are so grateful.

We are asking for your donation today to help our Guests now and as we head into the winter months. Your financial gift will help to ensure we can provide shelter for the homeless and healthy meals and groceries for our Guests facing food insecurity. Your donation will help the most vulnerable make impactful changes in their lives. Thank you.

You are a blessing to us, and more importantly, to our Guests.

Rick Crowley
Board President and Acting Executive Director
